

PFLAG-Albuquerque (New Mexico)
PO Box 30771
Albuquerque NM, 97190-0771

Dear friend,

Maybe we can help. Please let us help your organization address issues of diversity that affect our families, friendships, schools, and work places.

Who are we? We are the volunteers of PFLAG-ABQ's "Speakers Bureau" -- the Albuquerque chapter of Parents, Friends and Families of Lesbian And Gay people (bi- and trans- too, of course). We work to promote the health and well-being of LGBT people and families and friends through support, advocacy, and education.

Education works. It is a key to positive change. An understanding of human difference often brings appreciation of diversity.

Many people who may be threatened by difference think mistakenly that they don't know any of "those people" -- either LGBT people or friends and family who care about them.

We can show that we are already a part of their lives. We are neighbors, co-workers, children, parents, and friends. Some of us have LGBT children, LGBT parents, and LGBT friends, and others of us are those LGBT children, parents, and friends.

We extend an invitation. Please ask us come to help. We speak from our own experiences. Our group can answer questions, give panel discussions, provide literature, or use some audio-visuals. We look forward to helping you with your program.

If YOU cannot use our help at this time, PLEASE pass this note to others who might be able to accept our offer. Thanks!

We appreciate the time you have spent reading our letter.

Sincerely,

Jean Genasci, for the Speakers Bureau volunteers
